C

1. The first part of the report is a general statement of the purpose and scope of the study. It is followed by a brief review of the literature on the subject. The next section is a description of the methods used in the study. This is followed by a presentation of the results of the study. The final section is a discussion of the results and their implications.

2. The second part of the report is a detailed description of the methods used in the study. This includes a description of the subjects, the materials, and the procedures. It also includes a description of the data collection and analysis methods.

3. The third part of the report is a presentation of the results of the study. This includes a description of the data and a discussion of the results. It also includes a discussion of the implications of the results.

4. The fourth part of the report is a discussion of the results and their implications. This includes a discussion of the strengths and limitations of the study and a discussion of the implications of the results for future research.
